UEFN: Become a Creator to Learn and Earn

- ✓ 16+, Adults Age Range
- ✓ 3 Months Duration
- ✓ 24 Sessions
- ✓ 60 Mins per session

Course Introduction

Become A Creator is a professional training program that teaches students how to design and publish high-quality Fortnite experiences using Unreal Editor for Fortnite (UEFN) without coding.

Learning pathway

Month 1 - World Building & Creator Foundations

Understand UEFN tools and learn how to build immersive environments and interactive spaces.

Month 2 - Gameplay Design & Professional Level Creation

Learn how to design fun gameplay experiences using devices and level design principles.

Month 3 - Creator Economy, Publishing & Portfolio

Teach students how to publish islands, grow an audience, and build a professional creator career

Requirements

Unreal Editor for fortnite, Epic Games Account, Windows PC with mid-range GPU (meeting UEFN recommended specs)

Learning Outcomes

By the end of the program students will be able to:

- Build immersive Fortnite islands using UEFN
- Apply professional-level design principles
- Create cinematic storytelling experiences
- Understand Fortnite's Creator Economy
- Publish and promote Fortnite islands
- Build a professional creator portfolio

These outcomes are highlighted in the Learning Outcomes section of the curriculum

- | | |
|----------------------|--------------------------|
| ✓ Digital Creativity | ✓ Computational Thinking |
| ✓ Game Design | ✓ Problem Solving |
| ✓ Collaboration | ✓ Coding Fundamentals |

- ✓ Assessment Modules
- ✓ Capstone Project

Why Parents Choose Ascend

- Project-based learning
- Creative technology education
- Future skills development
- Hybrid learning options
- Access to Ascend LMS platform
